Evaluate your current or potential curriculum using the following matrix grid.

In the second column rate the curriculum on a scale of 1-5; 1 being very little to none, 5 being very strong in this category.

In column three write a positive comment concerning the respective category and question.

In column four write a concern you have with this curriculum and this category.

### Doctrinally

1-5

Positive comment

Concern

Is it rooted in God's Word and not merely man's ideas?			
Is it balanced in teaching the whole counsel of God, not over-emphasizing certain parts?			

### Teaching-Learning Process

Does it appear to be application driven or content driven?			
Is it student-oriented?			
Does it promote active learning?			
Does it move beyond head knowledge?			
Is it sequenced so learners can build upon what they already know?			

### Developmentally

Is it age appropriate according to students' abilities and interests?			
Does it offer a variety of interactive, age appropriate learning activities?			
Is it capable of moving our learners to deeper maturity in Christ?			
Is it challenging learners to live more Christlike?
